Introduction

The bulk of this article is simply a list of many (not necessary all) of the places in scripture where it states that YHVH is the King of Israel. Understanding this concept is super important. I argue that my American Birthright is predicated on this very concept. My thoughts on the legal ramifications on 1st Sam 8 fit well into this article.

The key take away is to guard your legal status, more precisely, your legal righteous status. You need to guard against mans natural tendency to go through life as easy as possible and to put off the weightier matters on to someone else (like a King patterned after 1st Sam 8). This article is therefore written to have a long list of verses that clearly express who is, or at least should be, Israel's King.
